## SAILS hosted the 35th Annual Americans with Disabilities Act Celebration with FLAME from New York

Dr. Kitty L. Brietzke,  
CEO/Development Officer of SAILS

The excitement abounded with classic songs from the 60's and 70's on Saturday, July 19, 2025 when San Antonio Independent Living Services (SAILS) presented FLAME, the ARC Lexington's band from New York for our 35th Annual Americans with Disabilities Act (ADA) celebration at Morgan's Event Center in San Antonio. FLAME visited San Antonio more than a decade ago and SAILS was pleased to bring them back again. This year's ADA celebration was very memorable as FLAME the band lit up the stage and entertained hundreds of guests. FLAME is composed of musicians with disabilities who are all about igniting change and inspiring everyone around the world. They sure fired up the crowd at Morgan's Event Center!

SAILS ADA Celebration hosted more than 30 resource exhibitors. There were also community awards and drawings for gift cards, gift baskets and prizes! One lucky winner also won \$500 cash! SAILS ADA celebration was 100% free for our guests and included a free lunch too. SAILS looks forward to next year's 36th Annual Americas with Disabilities Act (ADA) Celebration.

## A Vehicle Lift and Hoyer Lift for Mr. Douglas Frisby

Jennifer Stephens, IL Outreach Specialist

Douglas Frisby is a 22-year-old man with cerebral palsy residing in Salado, Texas in Bell County. His mother is his caregiver. She reached out to SAILS and requested a Milford lift for her vehicle to assist with getting Douglas in and out of the car from his wheelchair.

She loves it and says it is a great help to her. She also requested an electric Hoyer lift for the home which moves Douglas from room to room. This way he can go throughout the house and be sociable. Douglas is no longer stuck in one room all day.

His mother is so happy for her son and thankful to SAILS.

She feels very confident using the stairlift and happy that she can live safely in her daughter's home.

## Ms. Ann Hernandez Moves In An Apartment With ADA Accommodation

Kyron Bowman, IL Outreach Specialist

Ann Hernandez is a person with a significant disability. She reached out to SAILS because she felt like she was "shut in" and could not commute freely. She only had access to a small flight of stairs with no ramp access limiting her to go as needed. Many attempts were made to relocate her to an ADA accommodated

apartment. SAILS IL Specialist was able to assist her with advocating for herself and share resources about tenant's rights. This gave her the confidence to negotiate with her apartment complex management and ultimately get released from her lease. She has since found a small cozy complex that fits all her needs and provides a sense of community too!

## A Very Happy Move to a New Place

by Lorena Hurtado, ILV Specialist

SAILS consumer Mary Guillory says, "Lorena was very helpful in advocating for me." Ms. Guillory was so desperate and didn't know what to do because the leasing office at her apartment ignored her issues for such a long time. I guided her and provided advocacy to assist her with her issues. I was able to assist her in getting a new place to live within a few weeks. Ms. Guillory and her husband are very happy with their new place and gratefully said "thank you SAILS and Lorena!"

Abel Zamora, Program Director

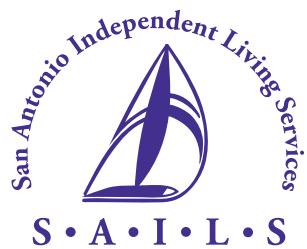

Mr. Thomas Beck is a resident of Goliad County, Texas. He was living his life there with loved ones; when he became significantly disabled and found himself in a nursing home. His wife, who was by his side the entire time, reached out to his managed care organization who then contacted SAILS.
